TITLE: SWITCHABLE NOVEL OBJECT CAPTIONER

Developed an object captioner model that can be generate accurate and descriptive caption for objects that has never seen before. The model requires zero training sentences in describing objects.

TITLE: ONLINE HOTEL MANAGEMENT SYSTEM

The Online Hotel Management System is like a digital assistant for hotels. It helps hotel staff keep track of rooms, bookings, and guest requests all in one place, accessible through a website. Guests can book rooms online, make special requests, and pay for their stay easily. For hotel staff, it simplifies tasks like managing reservations, handling payments, and keeping track of room availability. It's a handy tool that makes running a hotel smoother and more efficient.
